PROFESSIONAL SUMMARY

Final-year Psychology undergraduate with volunteer experience in Web3 community management and partnership coordination. Experienced as a Community Moderator and Collaboration Manager, with responsibilities involving English-language community communication, project outreach, stakeholder negotiation, collaboration coordination, and follow-up. Strong organizational and documentation skills with an interest in community engagement, public relations, and Web3.

COMMUNITY & PARTNERSHIPS EXPERIENCE

Chillchat | Web3 Project, Chillchat Holdings Pte. Ltd.

Remote

Collaboration Manager (Volunteer)

2023-2024

- Reached out to upcoming Web3 projects to identify collaboration opportunities for the Chillchat community and responded to member requests for selected project access.
- Negotiated mutually beneficial collaboration terms in English, including early-access (allowlist) allocations for community members in exchange for agreed engagement or promotional support.
- Coordinated allocation distribution and maintained follow-up communication with external project representatives throughout collaboration activities.

Community Moderator (Volunteer)

2022-2024

- Supported day-to-day community moderation and member communication in English within Chillchat's online community.

Stress Capital DAO | Web3 Community

Remote

Collaboration Manager (Volunteer)

2024

- Sourced and contacted upcoming Web3 projects to identify collaboration opportunities for members of a private, curated community.
- Negotiated access allocations and mutually beneficial arrangements in English, then coordinated agreed benefits and follow-up communication with external project representatives.

SELECTED ACADEMIC EXPERIENCE

Academic Project Coordination | Psychology, Universitas Gunadarma

2022-Present

- Coordinated groups of approximately 5-7 students across research and assessment projects by organizing tasks, tracking progress, consolidating contributions, and meeting deadlines.
- Prepared and reviewed structured reports for clarity, consistency, accuracy, and presentation, with positive academic feedback on report organization.
- Handled respondent information confidentially and supported interview, quantitative research, and qualitative research activities.
- Organized and processed academic data using Microsoft Excel and IBM SPSS.

EDUCATION

Bachelor of Psychology | Universitas Gunadarma
